

OUR VISION IS THAT EVERY BUILDCORP SITE HAS NO ENVIRONMENTAL INCIDENTS AND A MINIMAL ENVIRONMENTAL IMPACT.

Buildcorp is committed to zero environmental incidents and best practice environmental management in all our activities, through the use of an integrated environmental management system.

Objectives

To achieve our mission by:

- ▼ Ensuring the protection of the environment is a high priority consideration in the planning, design and construction phases of all projects.
- ▼ Conducting our activities are in accordance with legislative requirements, global best practice guidelines, our company policies and our internal Health, Safety and Environment (HS&E) initiatives.
- ▼ Establishing and maintaining our Environmental Management System in line with AS/NZ ISO 14001:2004.
- ▼ Engaging and educating our staff on the importance of environmental preservation and facilitating the processes and procedures required to mitigate environmental risk.
- ▼ Keeping training current and compliant.
- ▼ Implementing hazard identification and risk management programs.
- ▼ Making site workers responsible for reporting and responding immediately to any environmental hazards.

To enforce and continually improve our environmental management by:

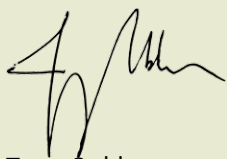

- ▼ Regularly reviewing and updating our policies, objective and targets.
- ▼ Reviewing and updating our management system to capture any relevant legislative amendments or updates.
- ▼ Developing, implementing and auditing our work practices and procedures to reduce overall environmental impacts of our work, ensure that waste and water pollution / contamination do not occur and hence, maintain our zero environmental incident status.
- ▼ Thoroughly controlling and minimising the impact of waste, air emissions, erosion, water pollution, water usage, noise on the community, flora and fauna and our heritage, associated with our construction and other business activities.

Responsibilities

The Buildcorp management is responsible for implementing, promoting and maintaining an environmental management system for employees, clients and subcontractors. Managers are to ensure their teams are aware of and fulfill their environmental responsibilities.

Managers must provide sufficient supervision and training to ensure environmental procedures are followed and Buildcorp systematically identifies and controls environmental risk and hazards.

This policy will be reviewed annually, as a minimum.

Tony Sukkar
Managing Director
